Job Description: _____

Contractor's Representative Signature Printed Name Company Contracted by

TERMS OF CONTRACT

Failure to comply with any and all terms of this contract could result in the confiscation of the Rental Meter and forfeiture of the Rental Meter Deposit. _____ (initial)

The Contractor receiving permission to use this meter has paid the required deposit and agrees to use such meter in the aforementioned water district for water construction purposes only.

The Contractor ensures that no direct connection between the public drinking water supply and a potential source of contamination will exist.

This meter can only be connected to a permanent meter and/or fire hydrant as indicated in the job description above.

The Contractor will use an air gap or appropriate backflow prevention device in accordance with state plumbing regulations.

In accordance with the rates set by the utility district, the Contractor is responsible for any loss/damage per the attached schedule. Such charges will not be prorated.

This contract must remain at the usage location for inspection by Water District personnel.

The Contractor agrees to provide the location of this meter so that SiEnvironmental, LLC personnel can perform monthly meter readings for water usage billing purposes.

Actual water usage will be billed on a monthly basis, in addition to the monthly meter rental fee. At the end of this contract, any outstanding charges will be deducted from the Water Deposit Amount prior to refund of such deposit.

Return of the Contractor's Rental Meter Deposit is contingent upon the meter passing a Post-Rental Inspection by SiEnvironmental, LLC. _____ (initial)

All communications should be directed to Builder's Services at builderservices@sienv.com or 832-490-1610 (phone) /832-490-1501(fax). Please include the rental meter's serial number in all communications.

Rental Meter Return: (Please notify SiEnvironmental, LLC of intent to return the meter two days prior to its return.)
